Tax Relief for Pollution Control Property Advisory Committee Request for Nominations

The Texas Commission on Environmental Quality (TCEQ) is currently accepting nominations for one member to the Tax Relief for Pollution Control Property Advisory Committee (advisory committee) to serve

the remainder of the term expiring December 31, 2025. This position is reserved for an appraisal district representative.

In 1993, Texas voters approved Proposition 2 (Prop 2), amending the Texas Constitution to authorize the Texas Legislature to exempt from ad valorem taxation "all or part of real and personal property used, constructed, acquired, or installed wholly or partly to meet or exceed rules or regulations adopted by an environmental protection agency of the United States, this state, or a political subdivision of this state for the prevention, monitoring, control, or reduction of air, water, or land pollution." The Texas Legislature implemented Prop 2 by enacting Texas Tax Code, §11.31. TCEQ adopted 30 Texas Administrative Code (TAC) Chapter 17, implementing Texas Tax Code, §11.31 and establishing the procedures for obtaining a "positive use determination" under the Tax Relief for Pollution Control Property Program. The goal of the program is to provide tax relief to individuals, companies, and political subdivisions that make capital investments to meet or exceed federal, state, or local environmental rules or regulations.

In 2009, Texas Tax Code, §11.31 was amended to require TCEQ to form a permanent advisory committee to make recommendations to TCEQ commissioners on matters relating to property tax exemptions for pollution control property. TCEQ commissioners appoint advisory committee members to serve four-year staggered terms.

One of the advisory committee members, an appraisal district representative, whose term expires on December 31, 2025, resigned his position effective January 8, 2024. Under 30 TAC §5.7, if a member of the advisory committee resigns prior to the expiration of his or her term, the commission shall appoint a replacement who shall serve the remainder of the unexpired term.

The nomination form and instructions are provided on TCEQ's website at https://www.tceq.texas.gov/airquality/taxrelief/advisory_group.html. Completed nomination forms must be submitted to TCEQ by 5:00 p.m. CDT on June 18, 2024. Nominations received after that date will only be considered if there are insufficient qualified nominees. Individuals may nominate themselves or someone else to the advisory committee, but TCEQ asks that only interested persons be nominated.

Questions regarding the advisory committee nomination process should be directed by phone to Melissa Altman of the Tax Relief Program at (512) 239-1407 or by e-mail to txrelief@tceq.texas.gov.

Department of State Health Services

Licensing Actions for Radioactive Materials

During the second half of March 2024, the Department of State Health Services (Department) has taken actions regarding Licenses for the possession and use of radioactive materials as listed in the tables (in alphabetical order by location). The subheading "Location" indicates the city in which the radioactive material may be possessed and/or used. The location listing "Throughout TX [Texas]" indicates that the radioactive material may be used on a temporary basis at locations throughout the state.

In issuing new licenses and amending and renewing existing licenses, the Department's Radiation Section has determined that the applicant has complied with the licensing requirements in Title 25 Texas Administrative Code (TAC), Chapter 289, for the noted action. In granting termination of licenses, the Department has determined that the licensee has complied with the applicable decommissioning requirements of 25 TAC, Chapter 289. In granting exemptions to the licensing requirements of Chapter 289, the Department has determined that the exemption is not prohibited by law and will not result in a significant risk to public health and safety and the environment.

A person affected by the actions published in this notice may request a hearing within 30 days of the publication date. A "person affected" is defined as a person who demonstrates that the person has suffered or will suffer actual injury or economic damage and, if the person is not a local government, is (a) a resident of a county, or a county adjacent to the county, in which radioactive material is or will be located, or (b) doing business or has a legal interest in land in the county or adjacent county. 25 TAC §289.205(b)(15); Health and Safety Code §401.003(15). Requests must be made in writing and should contain the words "hearing request," the name and address of the person affected by the agency action, the name and license number of the entity that is the subject of the hearing request, a brief statement of how the person is affected by the action what the requestor seeks as the outcome of the hearing, and the name and address of the attorney if the requestor is represented by an attorney. Send hearing requests by mail to: Hearing Request, Radioactive Material Licensing, MC 2835, PO Box 149347, Austin, Texas 78714-9347, or by fax to: (512) 206-3760, or by e-mail to: RAMlicensing@dshs.texas.gov.

 Licensing Actions for Radioactive Materials

During the first half of April 2024, the Department of State Health Services (Department) has taken actions regarding Licenses for the possession and use of radioactive materials as listed in the tables (in alphabetical order by location). The subheading "Location" indicates the city in which the radioactive material may be possessed and/or used. The location listing "Throughout TX [Texas]" indicates that the radioactive material may be used on a temporary basis at locations throughout the state.

In issuing new licenses and amending and renewing existing licenses, the Department's Radiation Section has determined that the applicant has complied with the licensing requirements in Title 25 Texas Administrative Code (TAC), Chapter 289, for the noted action. In granting termination of licenses, the Department has determined that the licensee has complied with the applicable decommissioning requirements of 25 TAC, Chapter 289. In granting exemptions to the licensing requirements of Chapter 289, the Department has determined that the exemption is not prohibited by law and will not result in a significant risk to public health and safety and the environment.

A person affected by the actions published in this notice may request a hearing within 30 days of the publication date. A "person affected" is defined as a person who demonstrates that the person has suffered or will suffer actual injury or economic damage and, if the person is not a local government, is (a) a resident of a county, or a county adjacent to the county, in which radioactive material is or will be located, or (b) doing business or has a legal interest in land in the county or adjacent county. 25 TAC §289.205(b)(15); Health and Safety Code §401.003(15). Requests must be made in writing and should contain the words "hearing request," the name and address of the person affected by the agency action, the name and license number of the entity that is the subject of the hearing request, a brief statement of how the person is affected by the action what the requestor seeks as the outcome of the hearing, and the name and address of the attorney if the requestor is represented by an attorney. Send hearing requests by mail to: Hearing Request, Radioactive Material Licensing, MC 2835, PO Box 149347, Austin, Texas 78714-9347, or by fax to: (512) 206-3760, or by e-mail to: RAMlicensing@dshs.texas.gov.

Texas Higher Education Coordinating Board

Notice of Intent to Engage in Negotiated Rulemaking--Total Research Expenditures (Texas State University System, Texas A&M University System, The University of Texas System, University of Houston System, University of North Texas System, and Texas Tech University System)

The Texas Higher Education Coordinating Board ("THECB" or "Board") intends to engage in negotiated rulemaking to amend Title 19, Part 1, Chapter 13, Subchapter M, §§13.300 - 13.305, concerning Total Research Expenditures. These amendments would clarify the reporting of research expenditures for joint academic/health-related institutions to achieve consistency in how research expenditures are credited to joint academic and health institutions. Additionally, based on institutional feedback regarding the Subchapter M rules adopted in January 2024, the reporting of unrecovered indirect cost would be removed as a required element of research reporting under Subchapter M. The Board adopts these rules under the authority of Texas Education Code, Chapter 62, Subchapter C.

In identifying persons likely affected by the proposed rules, the Convener of Negotiated Rulemaking sent a memo to chancellors and presidents at Texas State University System, Sam Houston State University, Sam Houston State University College of Medicine, Texas A&M University System, Texas A&M University, Texas A&M Health Science Center, The University of Texas System, The University of Texas at Austin, The University of Texas at Austin Dell Medical School, The University of Texas at Tyler, The University of Texas Health Science Center at Tyler, The University of Texas Rio Grande Valley, The University of Texas Rio Grande Valley Medical School, University of Houston System, University of Houston, University of Houston College of Medicine, University of North Texas System, and Texas Tech University System soliciting their interest and willingness to participate in the negotiated rulemaking process or nominate a representative from their campus.

From this effort, twelve (12) individuals responded (out of approximately nineteen (19) affected entities) and expressed an interest to participate or nominated a representative from their institution to participate on the negotiated rulemaking committee. The positions held by the volunteers and nominees indicate a probable willingness and authority of the affected interests to negotiate in good faith and a reasonable probability that a negotiated rulemaking process can result in a unanimous or, if the committee so chooses, a suitable general consensus on the proposed rule.

The following is a list of the stakeholders who are significantly affected by this rule and will be represented on the negotiated rulemaking committee:

1. Texas State University System;
2. Texas A&M University System;
3. The University of Texas System;
4. University of Houston System;
5. University of North Texas System;
6. Texas Tech University System; and
7. Texas Higher Education Coordinating Board.

The THECB proposes to appoint the following twelve (12) individuals to the negotiated rulemaking committee for total research expenditures to represent affected parties and the agency:

- Texas State University System
- Jennifer Jones, Controller (Sam Houston State University)
- Texas A&M University System
- Kristin Nace, Vice President; Chief Financial Officer (Texas A&M Health)
- Jeffrey Burton, Associate Vice President; Deputy Chief Financial Officer (Texas A&M University)
- Teresa Edwards, Controller (Texas A&M University System)
- The University of Texas System
- Mark Featherston, Chief of Staff, Office of Vice President for Research (The University of Texas at Austin)

Carrie McMahan, Director, Accounting and Financial Reporting (The University of Texas at Tyler)

Can (John) Saygin, Senior Vice President, Research; Dean, Graduate College (The University of Texas Rio Grande Valley Medical School)

Joan Bienvenue, Associate Vice Chancellor, Research (The University of Texas System)

University of Houston System

Claudia Neuhauser, Interim Vice Chancellor, Research

University of North Texas System

Pamela Padilla, Vice President, Research and Innovation

Texas Tech University System

Penny Harkey, Executive Vice President, Finance and Operations; Chief Financial Officer (Texas Tech University Health Sciences Center)

Texas Higher Education Coordinating Board

Emily Cormier, Assistant Commissioner, Funding and Resource Planning

If there are persons who are significantly affected by these proposed rules and are not represented by the persons named above, those persons may apply to the agency for membership on the negotiated rule-making committee or nominate another person to represent their interests. Application for membership must be made in writing and include the following information:

1. Name and contact information of the person submitting the application;
2. Description of how the person is significantly affected by the rule and how their interests are different than those represented by the persons named above;
3. Name and contact information of the person being nominated for membership; and
4. Description of the qualifications of the nominee to represent the person's interests.

The THECB requests comments on the Notice of Intent to engage in negotiated rulemaking and on the membership of the negotiated rule-making committee. Comments and applications for membership on the committee must be submitted by May 26, 2024, to Laurie A. Frederick, Convener, Texas Higher Education Coordinating Board, P.O. Box 12788, Austin, Texas 78711, or via email at Laurie.Frederick@highered.texas.gov.

Texas Department of Housing and Community Affairs

Notice of Public Hearing and Public Comment Period on the Draft 2025 Regional Allocation Formula Methodology

The Texas Department of Housing and Community Affairs (the Department) will hold a public hearing to accept public comment on the Draft 2025 Regional Allocation Formula (RAF) Methodology.

The public hearing will take place as follows:

Tuesday, June 4, 2024

2:00 p.m. Central Time

Stephen F. Austin Building Room 172

1700 Congress Ave, Austin, Texas 78701

The RAF may be accessed from TDHCA's Public Comment Center at: <https://www.tdhca.texas.gov/tdhca-public-comment-center>.

The RAF utilizes appropriate statistical data to measure the affordable housing need and available resources in the 13 State Service Regions that are used for planning purposes. The RAF also allocates funding to rural and urban subregions within each region. The Department has flexibility in determining variables to be used in the RAF, per §2306.1115(a)(3) of the Tex. Gov't Code, "the department shall develop a formula that includes other factors determined by the department to be relevant to the equitable distribution of housing funds." The RAF is revised annually to reflect current data, respond to public comment, and better assess regional housing needs and available resources.

The RAF methodology explains the use of factors, in keeping with the statutory requirements, which include the need for housing assistance, the availability of housing resources, and other factors relevant to the equitable distribution of housing funds in urban and rural areas of the state.

The Single Family HOME Investment Partnerships Program (HOME), Multifamily HOME, Housing Tax Credit (HTC), and Texas Housing Trust Fund (HTF) program RAFs each use slightly different formulas because the programs have different eligible activities, households, and geographical service areas. For example, §2306.111(c) of the Tex. Gov't Code requires that 95% of HOME funding be set aside for non-participating jurisdictions (non-PJs). Therefore, the Single Family and Multifamily HOME RAFs only use need and available resource data for non-PJs.

The public comment period for the Draft 2025 RAF methodology will be open from Monday, May 20, 2024, through Thursday, June 20, 2024, at 5:00 p.m., Central Time. Anyone may submit comments on the Draft 2025 RAF Methodology in written form or oral testimony at the June 4, 2024, public hearing.

Written comments concerning the Draft 2025 RAF Methodology may be submitted by mail to the Texas Department of Housing and Community Affairs, Housing Resource Center, P.O. Box 13941, Austin, Texas 78711-3941, by email to info@tdhca.texas.gov. Comments must be received no later than Thursday, June 20, 2024, at 5:00 p.m. Central Time.

Individuals who require auxiliary aids or services for the public hearing on June 4, 2024, should contact Nancy Dennis, at (512) 475-3959 or Relay Texas at (800) 735-2989, at least three days before the meeting so that appropriate arrangements can be made.

Non-English speaking individuals who require interpreters for the public hearing should contact Danielle Leath by phone at (512) 475-4606 or by email at danielle.leath@tdhca.texas.gov at least three days before the meeting so that appropriate arrangements can be made.

Personas que hablan español y requieren un interprete, favor de llamar a Danielle Leath al siguiente numero (512) 475-4606 o enviarle un correo electronico a danielle.leath@tdhca.texas.gov por lo menos tres dias antes de la junta para hacer los preparativos apropiados.

Preliminary Notice and Request for Comments on Chapter 22 Rule Review

The Public Utility Commission of Texas (commission) publishes this preliminary notice of intention to review Chapter 22, Substantive Rules Applicable to Telecommunications Service Providers, in accordance with Texas Government Code §2001.039, Agency Review of Existing Rules. The text of the rules may be found in the Texas Administrative Code, Title 16, Economic Regulation, Part 2, or through the commission's website at www.puc.texas.gov.

The commission seeks comments on whether any rule in Chapter 22 should be repealed or amended. Interested persons may file comments electronically through the interchange on the commission's website or may submit comments to the filing clerk, Public Utility Commission of Texas, 1701 North Congress Avenue, P.O. Box 13326, Austin, Texas 78711-3326, by Friday, May 31, 2024. When filing comments, interested persons are requested to comment on the sections in the same order they are found in the chapter and to clearly designate which section is being commented upon. All comments should refer to Project Number 56574.

If it is determined that any section of Chapter 22 needs to be repealed or amended, and that the repeal or amendment can be completed as a part of this rule review, the commission will include the proposed repeal or amendment into its formal notice of intention to review Chapter 22. Interested persons will have an opportunity to comment on these proposed rule repeals and amendments at that time.

If it is determined that any section of Chapter 22 may need to be repealed or amended, but the repeal or amendment requires further investigation or is inappropriate for consideration as a part of a rule review, the commission may consider the repeal or amendment in a future rule-making proceeding.
