Re: Whether a member of the board of managers of the Nueces County Hospital District may simultaneously serve as a member of the board of directors of the Corpus Christi Regional Transit Authority (RQ-0534-KP)

S U M M A R Y

A court would likely conclude that the conflicting-loyalties aspect of common-law incompatibility precludes an individual from simultaneously serving as a member of the board of managers of the Nueces County Hospital District and a member of the board of directors of the Corpus Christi Regional Transit Authority.

Opinion No. KP-0475

The Honorable Matthew A. Mills

Hood County Attorney

1200 West Pearl Street

Granbury, Texas 76048

Re: Whether the Texas Open Meetings Act, Government Code section 551.071, authorizes discussion about hiring a law firm, and whether boilerplate language contained on a meeting notice or agenda is sufficient notice of an executive session (RQ-0537-KP)

S U M M A R Y

Government Code section 551.041 requires notice of each subject to be addressed at a meeting and applies to both open and closed meetings held under the Open Meetings Act. Boilerplate language in a notice that a closed meeting may commence pursuant to certain provisions of the Act is insufficient by itself to alert the general public of the subject to be considered at the closed meeting.

Government Code section 551.071 contains the attorney-consultation exception to the Open Meetings Act. Under subsection 551.071(2), a governmental body may conduct a closed meeting for the purpose of consulting an attorney about potentially retaining the attorney's law firm to perform professional legal services.

EMERGENCY RULES

Emergency Rules include new rules, amendments to existing rules, and the repeals of existing rules. A state agency may adopt an emergency rule without prior notice or hearing if the agency finds that an imminent peril to the public health, safety, or welfare, or a requirement of state or federal law, requires adoption of a rule on fewer than 30 days' notice. An emergency rule may be effective for not longer than 120 days and may be renewed once for not longer than 60 days (Government Code, §2001.034).

TITLE 10. COMMUNITY DEVELOPMENT

PART 5. OFFICE OF THE GOVERNOR, ECONOMIC DEVELOPMENT AND TOURISM OFFICE

CHAPTER 201. TEXAS MICRO-BUSINESS DISASTER RECOVERY LOAN PROGRAM

10 TAC §§201.1 - 201.8

The Office of the Governor, Texas Economic Development and Tourism Office ("Office") adopts, on an emergency basis, new 10 TAC §§201.1 - 201.8, relating to the Texas Micro-Business Disaster Recovery Loan program.

EXPLANATION AND JUSTIFICATION OF THE RULES

These rules relate to the establishment and administration of the new Texas Micro-Business Disaster Recovery Loan Program ("Program") established by subchapter CC, chapter 481, Texas Government Code. The Program expands access to capital for qualifying micro-businesses following a declared disaster to create jobs in this state. Under the Program, the Office will make zero-interest loans to community development financial institutions ("CDFIs") to support interest-bearing disaster recovery loans from the CDFIs to qualifying micro-businesses following a declared disaster.

These rules are adopted on an emergency basis due to the imminent peril to public welfare represented by disasters. Disasters are unpredictable by their nature, occurring suddenly and without warning and putting the health, happiness, and fortunes of Texans at peril. Four state disaster declarations are currently active. Fiscal year 2024 saw hurricanes, tropical storms, winter weather, and wildfires. Adopting these rules on an emergency basis ensures timely implementation of the Program to protect the public welfare for the currently active disaster declarations and in the event a new disaster is declared in the near future.

The Office has determined it is necessary to adopt emergency rules that provide for how a CDFI can participate in the Program and obtain a zero-interest loan to support a disaster recovery loan to a qualifying micro-business. The emergency rules will be effective for 120 days from the date of filing with the Office of the Secretary of State and may be extended once by the Office for not longer than 60 days as necessary to protect public welfare.

SECTION BY SECTION SUMMARY

Emergency rule §201.1 states the authority and purpose of the new chapter. It references the statutory authorization and sets forth the purpose for the Program as described in statute.

Emergency rule §201.2 provides definitions used throughout the new chapter for words and terms with specific meanings.

Emergency rule §201.3 establishes the process for a CDFI to enter into a participation agreement with the Office. Entering into a participation agreement is required before a CDFI can apply for a zero-interest loan from the Office.

Emergency rule §201.4 describes how a participating CDFI can submit a loan application to the Office. Once a CDFI has entered into a participation agreement, it may submit an application to the Office for a zero-interest loan to support one or more disaster recovery loans to one or more qualifying micro-businesses.

Emergency rule §201.5 states the requirements for a disaster recovery loan from the CDFI to a qualifying micro-business.

Emergency rule §201.6 lists general terms for a loan agreement from the Office to the CDFI. If the Office approves a loan application from a CDFI, the Office and the CDFI will enter into a loan agreement that contains certain minimum requirements. The loan agreement will specify, among other things, that the loan is a zero-interest loan upon which quarterly payments must be made over seven years.

Emergency rule §201.7 details monitoring and reporting requirements for a CDFI under a loan agreement. Certain information must be reported on a quarterly basis, and audited financial statements must be submitted annually. The Office must also be permitted to inspect financial records related to the Program.

Emergency rule §201.8 provides the ability for the Chief of Staff or designee to waive any rules not required under statute upon a showing of good cause or when facts or circumstances make a waiver appropriate.

REGULATORY FLEXIBILITY ANALYSIS FOR SMALL AND MICRO-BUSINESSES AND RURAL COMMUNITIES.

Ms. Cruz has determined that the emergency rules will have no adverse economic effect on small businesses, micro-businesses, or rural communities; rather, micro-businesses will be benefited. Thus, the Office is not required to prepare a regulatory flexibility analysis pursuant to §2006.002 of the Tex. Gov't Code.

TAKINGS IMPACT ASSESSMENT

Ms. Cruz has determined that there are no private real property interests affected by the emergency rules. Thus, the Office is not required to prepare a takings impact assessment pursuant to Section 2007.043, Texas Government Code.

STATUTORY AUTHORITY.

The emergency rules are adopted under Section 481.456, Texas Government Code, which authorize the Office to adopt rules relating to the implementation of the Program and any other rules necessary to accomplish the purposes of the relevant subchapter, including rules that provide criteria under which CDFIs may qualify for the Program. The emergency rules are also adopted under Section 2001.034, Texas Government Code, which autho-

rizes the adoption of a rule on an emergency basis without prior notice and comment based upon a determination of imminent peril to the public health, safety, or welfare.

TITLE 10. COMMUNITY DEVELOPMENT

PART 5. OFFICE OF THE GOVERNOR, ECONOMIC DEVELOPMENT AND TOURISM OFFICE

CHAPTER 201. TEXAS MICRO-BUSINESS DISASTER RECOVERY LOAN PROGRAM

10 TAC §§201.1 - 201.8

The Office of the Governor, Texas Economic Development and Tourism Office ("Office") proposes new 10 TAC §§201.1 - 201.8, concerning the Texas Micro-Business Disaster Recovery Loan program.

EXPLANATION AND JUSTIFICATION OF THE RULES

These rules relate to the establishment and administration of the new Texas Micro-Business Disaster Recovery Loan Program ("Program") established by subchapter CC, chapter 481, Texas Government Code. The Program expands access to capital for qualifying micro-businesses following a declared disaster to create jobs in this state. Under the Program, the Office will make zero-interest loans to community development financial institutions ("CDFIs") to support interest-bearing disaster recovery loans from the CDFIs to qualifying micro-businesses following a declared disaster.

SECTION BY SECTION SUMMARY

Rule §201.1 states the authority and purpose of the new chapter. It references the statutory authorization and sets forth the purpose for the Program as described in statute.

Rule §201.2 provides definitions used throughout the new chapter for words and terms with specific meanings.

Rule §201.3 establishes the process for a CDFI to enter into a participation agreement with the Office. Entering into a participation agreement is required before a CDFI can apply for a zero-interest loan from the Office.

Rule §201.4 describes how a participating CDFI can submit a loan application to the Office. Once a CDFI has entered into a participation agreement, it may submit an application to the Office for a zero-interest loan to support one or more disaster recovery loans to one or more qualifying micro-businesses.

Rule §201.5 states the requirements for a disaster recovery loan from the CDFI to a qualifying micro-business.

Rule §201.6 lists general terms for a loan agreement from the Office to the CDFI. If the Office approves a loan application from a CDFI, the Office and the CDFI will enter into a loan agreement that contains certain minimum requirements. The loan agree-

ment will specify, among other things, that the loan is a zero-interest loan upon which quarterly payments must be made over seven years.

Rule §201.7 details monitoring and reporting requirements for a CDFI under a loan agreement. Certain information must be reported on a quarterly basis, and audited financial statements must be submitted annually. The Office must also be permitted to inspect financial records related to the Program.

Rule §201.8 provides the ability for the Chief of Staff or designee to waive any rules not required under statute upon a showing of good cause or when facts or circumstances make a waiver appropriate.

FISCAL NOTE

Adriana Cruz, Executive Director of Texas Economic Development and Tourism Office, Office of the Governor, has determined that the first five-year period the proposed rules are in effect, there will be no additional estimated cost, reduction of costs, or loss or increase in revenue to the state or local governments as a result of enforcing or administering the rules. Additionally, Ms. Cruz has determined that enforcing or administering the rules does not have foreseeable implications relating to the costs or revenues of state or local government.

PUBLIC BENEFIT

Ms. Cruz has determined for the first five-year period the proposed rules are in effect there will be a benefit to participants in the Program and the general public. Participating CDFIs will be more likely to provide loans to qualifying micro-businesses thanks to the support of a zero-interest loan from the Office. Consequently, qualifying micro-businesses that traditionally have difficulty in accessing capital following a declared disaster will be more likely to obtain a loan to aid their recovery efforts. The general public will benefit in turn by qualifying micro-businesses who are able to recover from disasters to once again offer their goods and services.

PROBABLE ECONOMIC COSTS

Ms. Cruz has determined for the first five-year period the proposed rules are in effect, there will be no additional economic costs to persons required to comply with the proposed rules.

REGULATORY FLEXIBILITY ANALYSIS FOR SMALL AND MICRO-BUSINESSES AND RURAL COMMUNITIES.

Ms. Cruz has determined that the proposed rules will have no adverse economic effect on small businesses, micro-businesses, or rural communities; rather, micro-businesses will be benefited. Thus, the Office is not required to prepare a regulatory flexibility analysis pursuant to §2006.002, Texas Government Code.

LOCAL EMPLOYMENT IMPACT STATEMENT

Ms. Cruz has determined that the proposed rules will have a positive impact on local employment and local economies across the State of Texas. By their very nature, declared disasters create significant negative economic impacts to affected regions. The Office believes that the Program will help mitigate potential losses and inject essential recovery funds into the economy. Micro-businesses are the backbone of many communities and are often the most susceptible to the adverse effects of disasters. The Program will provide up to \$5 million in zero-interest loans to participating CDFIs, enabling them to offer interest-bearing loans to qualifying micro-businesses impacted by declared disasters. These loans will, in turn, directly support recovery efforts and foster job creation in the most vulnerable communities.

GOVERNMENT GROWTH IMPACT STATEMENT

Ms. Cruz has determined that during each year of the first five years in which the proposed rules are in effect, the rules:

- 1) will not create or eliminate a government program;
- 2) will not require the creation of new employee positions or the elimination of existing employee positions;
- 3) will not require an increase or decrease in future legislative appropriations to the OOG;
- 4) will not require an increase or decrease in fees paid to the OOG;
- 5) will create new regulations;
- 6) will not expand certain existing regulations, limit certain existing regulations, or repeal existing regulations;
- 7) will increase the number of individuals subject to the applicability of the rules; and
- 8) will positively affect the Texas economy.

TAKINGS IMPACT ASSESSMENT

Ms. Cruz has determined that there are no private real property interests affected by the proposed rules. Thus, the Office is not required to prepare a takings impact assessment pursuant to §2007.043, Texas Government Code.

REQUEST FOR PUBLIC COMMENTS

Comments on the proposed rules may be submitted to R.J. Hakes, Office of the Governor, Economic Development and Tourism Office, P.O. Proposed new §321.12 requires grant recipients to submit periodic reports and documentation in accordance with the grant agreement. This section also authorizes the Commission, upon reasonable notice, to request any additional information necessary to show that grant funds are being used for the intended

purpose and that the grant recipient has complied with the grant agreement.

Proposed new §321.13 requires grant recipients to maintain all records regarding the grant project and provides records retention requirements.

Proposed new §321.14 describes requirements for providing records, documentation, or other information required by the Commission and authorizes the Commission, upon reasonable notice, to audit the activities of a grantee as necessary to ensure that grant funds are used for the intended purpose of the reimbursement award and that the grantee has complied with the terms, conditions, and requirements of the reimbursement award.

(c) A grantee may retain records in an electronic format.

§321.14. Request for Records; Audit.

(a) At any time during the grant agreement and for a period of five years after the project has been completed, the commission or its designee may, upon reasonable notice and in writing, request any records from, or audit the books and records of, a grant recipient to verify the grant recipient has complied with the terms, conditions, and requirements of the grant agreement and this chapter. Grant recipients shall provide the requested records or information to the commission on or before the thirtieth day after the commission makes a written request for such records.

(b) The commission or its designee may, before the end of the five-year records retention period set forth in §321.13 of this chapter (relating to Records Retention), audit a grantee to ensure that grant funds are used for the intended purpose of the reimbursement award and that the grantee has complied with the terms, conditions, and requirements set forth in §321.13 of this chapter.

§321.15. Noncompliance; Failure to Perform.

(a) A grant recipient shall forfeit up to the amount of the grant funds received, or return previously awarded funds, if the commission, in its sole discretion, determines the grant recipient has failed to perform, in material respect, the obligations established in the grant agreement. The commission may make such a determination at any time during the grant agreement. The commission, in its sole discretion, shall determine the amount forfeited.

(b) A failure to perform resulting in forfeiture of grant funds may be cause for the commission to bar an applicant from future consideration for grant funds under this program.

§321.16. Direct Award.

Notwithstanding any provision in this chapter, the commission may issue a direct award grant to an entity allowed by law if:

(1) the grant recipient has entered into an agreement with the consortium under procedures established in Section 482.608(a)(3)(C), Texas Government Code, and:

(A) the purpose of the grant is to enable the consortium to undertake its duties established under Chapter 482, Texas Government Code; and

(B) the commission and grant recipient enter a grant agreement(s);

(2) the board determines that circumstances related to a direct award grant request cannot follow standard application processes because it would result in an entity failing to meet a deadline or similar milestone, and:

(A) without grant funds, the potential grantee could not successfully undertake the project to which the request relates;

(B) failure to undertake the project to which the request relates would result in the loss of a significant commercial, civil, or military related opportunity for advancing the space, aeronautics, or aviation industries in the state;

(C) the commission and grant recipient enter a grant agreement that places sufficient controls on the transaction to ensure the public purpose of the grant is carried out; and

(D) awarding a direct grant is in the best interest of the state; or

(3) the board determines a direct award grant is necessary for a potential grantee to respond to a matter of national security, defined by the intelligence community or the national defense strategy, as well as a natural disaster or public health crisis and states of emergency and, as soon as practicable, the commission and grant recipient enter a grant agreement that places sufficient controls on the transaction to ensure the public purpose of the grant is carried out.

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

TITLE 16. ECONOMIC REGULATION

**PART 2. PUBLIC UTILITY
COMMISSION OF TEXAS**

CHAPTER 24. SUBSTANTIVE RULES
APPLICABLE TO WATER AND SEWER
SERVICE PROVIDERS
SUBCHAPTER H. CERTIFICATES OF
CONVENIENCE AND NECESSITY

16 TAC §24.233

The Public Utility Commission of Texas (commission) proposes amendments to 16 Texas Administrative Code (TAC) §24.233 relating to Contents of Certificate of Convenience and Necessity Applications. The proposed amendments will implement Texas Water Code §§ 13.244 and 13.246 as revised by Senate Bill 893 during the Texas 88th Regular Legislative Session. The amendments grant the Executive Director authority to make minor corrections to water and sewer certificates of convenience and necessity without observing formal amendment procedures.

Growth Impact Statement

The agency provides the following governmental growth impact statement for the proposed rules, as required by Texas Government Code §2001.0221. The agency has determined that for each year of the first five years that the proposed rule is in effect, the following statements will apply:

- (1) the proposed rule will not create a government program and will not eliminate a government program;
- (2) implementation of the proposed rule will not require the creation of new employee positions and will not require the elimination of existing employee positions;
- (3) implementation of the proposed rules will not require an increase and will not require a decrease in future legislative appropriations to the agency;
- (4) the proposed rule will not require an increase and will not require a decrease in fees paid to the agency;
- (5) the proposed rule will not create a new regulation;
- (6) the proposed rule will not expand, limit, or repeal an existing regulation;
- (7) the proposed rule will not change the number of individuals subject to the rule's applicability; and
- (8) the proposed rule will not affect this state's economy.

Fiscal Impact on Small and Micro-Businesses and Rural Communities

There is no adverse economic effect anticipated for small businesses, micro-businesses, or rural communities as a result of implementing the proposed rule. Accordingly, no economic impact statement or regulatory flexibility analysis is required under Texas Government Code §2006.002(c).

Takings Impact Analysis

The commission has determined that the proposed rule will not be a taking of private property as defined in chapter 2007 of the Texas Government Code.

Fiscal Impact on State and Local Government

Iliana De La Fuente, Attorney, Rules and Projects, determined that for the first five-year period the proposed rule is in effect, there will be no fiscal implications for the state or for units of local

government under Texas Government Code §2001.024(a)(4) as a result of enforcing or administering the sections.

Public Benefits

Ms. De La Fuente has determined that for each year of the first five years the proposed section is in effect the public benefit anticipated as a result of enforcing the section will be reducing the time and administrative burdens associated with making minor corrections to water and sewer CCNs. There will be no probable economic cost to persons required to comply with the rules under Texas Government Code §2001.024(a)(5).

Local Employment Impact Statement

For each year of the first five years the proposed section is in effect, there should be no effect on a local economy; therefore, no local employment impact statement is required under Texas Government Code §2001.022.

Costs to Regulated Persons

Texas Government Code §2001.0045(b) does not apply to this rulemaking because the commission is expressly excluded under §2001.0045(c)(7).

Public Hearing

The commission staff will conduct a public hearing on this rulemaking if requested in accordance with Texas Government Code §2001.029. The request for a public hearing must be received by November 7, 2024. If a request for public hearing is received, commission staff will file in this project a notice of hearing.

Public Comments

Interested persons may file comments electronically through the interchange on the commission's website. Comments must be filed by November 7, 2024. Comments should be organized in a manner consistent with the organization of the proposed rules. The commission invites specific comments regarding the costs associated with, and benefits that will be gained by, implementation of the proposed rules. The commission will consider the costs and benefits in deciding whether to modify the proposed rules on adoption. All comments should refer to Project Number 57059.

Each set of comments should include a standalone executive summary as the last page of the filing. This executive summary must be clearly labeled with the submitting entity's name and should include a bulleted list covering each substantive recommendation made in the comments.

The commission also requests comments on the following question:

Under TWC § 13.244(e)(4), the executive director may make a correction under this rule "to correct another similar non-substantive error or matter if authorized by the utility commission by rule." Are there any additional types of errors or matters that the commission should authorize the executive director to correct under the proposed rule?

Statutory Authority

The amendments are proposed under Texas Water Code (TWC) §13.041, which provides the commission with the authority to adopt and enforce rules reasonably required in the exercise of its powers and jurisdiction. The amended rules are also proposed under TWC §13.244 and 13.246 as amended by SB 893 (88th regular session), which provide the commission executive director to make minor corrections to water and sewer CCNs.

Cross Reference to Statute: TWC §§13.041, 13.244, and 13.246.

§24.233. *Contents of Certificate of Convenience and Necessity Applications.*

(a) Application. To obtain or amend a certificate of convenience and necessity (CCN), a person, public water or sewer utility, water supply or sewer service corporation, affected county as defined in §24.3(4) of this title (relating to Definitions of Terms), county, district, or municipality must [shall] file an application for a new CCN or a CCN amendment. Applications must contain the following materials, unless otherwise specified in the application form:

(A) the approval letter for the plans and specifications issued by the TCEQ for the public drinking water system or facilities. Proof that the applicant has submitted plans and specifications for the proposed drinking water system is sufficient for a determination of administrative completeness. The applicant must [shall] notify the commission within ten days upon receipt of any TCEQ disapproval letter. If the applicant receives a TCEQ disapproval letter, the application for a new water CCN or a CCN amendment may be subject to dismissal without prejudice. Any approval letter for the proposed public drinking water system or facilities must be filed with the commission before the issuance of a new CCN or a CCN amendment. Failure to provide such approvals within a reasonable amount of time after the application is found administratively complete may result in dismissal of the application without prejudice. Plans and specifications are only required if the proposed change in the existing capacity is required by TCEQ rules;

(B) - (C) (No change.)

(15) for an application for a new sewer CCN or CCN amendment that will require the construction of a new sewer system or new facilities to provide retail sewer utility service, a copy of:

Proof that the applicant has submitted an application for a wastewater permit is sufficient for a determination of administrative completeness. The applicant must [shall] notify the commission within ten days upon receipt of any TCEQ disapproval letter. If the applicant receives a TCEQ disapproval letter, the application for a new sewer CCN or CCN amendment may be subject to dismissal without prejudice. Any approval letter for the permit application must be filed with the commission before the issuance of a new CCN or a CCN amendment. Failure to provide such approvals within a reasonable amount of time after the application is found administratively complete may result in the dismissal of the application without prejudice. Plans and specifications are only required if the proposed change in the existing capacity is required by TCEQ rules.

(B) - (C) (No change.)

(16) (No change.)

(b) If the requested area overlaps the boundaries of a district, and the district does not intervene in the docket by the intervention deadline after notice of the application is given, the commission will [shall] determine that the district is consenting to the applicant's request to provide service in the requested area.

(c) - (e) (No change.)

(f) Executive corrections. The executive director may make a correction to a CCN, at the discretion of the executive director or at the request of the CCN holder.

(1) An executive correction may be issued under this subsection only:

(A) to correct a clerical or typographical error;

(B) to correct a mapping error in a CCN:

(i) to reflect the metes and bounds of the certificated area on the map approved in a final order in a prior proceeding; or

(ii) to correct a typographical or grammatical error on the map approved in a final order in a prior proceeding.

(C) to change the name of an incorporated CCN holder on a CCN if:

(i) an amendment to the to the CCN holder's articles of incorporation or certificate of formation is filed with the secretary of state that only changes the name of the CCN holder; and

(ii) the CCN holder provides documentation from the secretary of state that the amendment only changed the name of the CCN holder.

(2) Commission staff will open a dedicated project for processing executive corrections under this subsection. Unless directed otherwise by commission staff on behalf of the executive director, all filings related to executive corrections must be made in this dedicated project.

(3) Request. A CCN holder may request the executive director make a correction under this subsection by filing a request for executive correction. The request must provide any information required for the executive director to determine whether to make the requested correction, including:

(A) a precise description of the requested correction;

(B) an explanation of the correction, including any applicable supporting documentation;

(C) a justification for making the correction by executive action rather than other available proceedings; and

(D) for a request to correct a mapping error under paragraph (1)(B) of this subsection:

(i) a list of any persons or entities whose retail service may be directly affected by the correction; and

(ii) a written agreement between the CCN holder any other retail water or sewer service provider whose service area is directly affected by the correction.

(4) Notice. For a request to correct a mapping error under paragraph (1)(B) of this subsection, commission staff will review the request and provide the CCN holder with a notice document. The CCN holder must provide the notice to any water or sewer service customers whose retail service is directly affected by the proposed correction. After providing notice, the CCN holder must file an affidavit specifying every person and entity to whom notice was provided and the date the notice was provided.

(5) Executive review. The executive director will issue an order granting, granting in part, or denying the requested executive correction.

(A) The executive director has discretion to determine whether to make an executive correction under this subsection. In evaluating whether to make an executive correction, the executive director

will consider whether the requested correction is supported by appropriate documentation, whether it is appropriate to bypass any proceedings that would otherwise be required to make the requested correction, and any other factor deemed relevant by the executive director.

(B) The executive director must not make an executive correction to address a mapping error under paragraph (1)(B) of this subsection unless the CCN holder:

(i) files a written agreement between the CCN holder and any other retail water or sewer service provider whose service area is directly affected by the correction; and

(ii) provides notice of the correction to any water or sewer service customers whose retail service is directly affected by the correction.

(C) The executive director, or commission staff on behalf of the executive director, may request any additional information from the CCN holder necessary to determine whether to issue an executive correction under this subsection.

(D) The executive director's order may require commission staff or the CCN holder to take any actions or make any additional filings necessary to appropriately update the commission's records to accurately reflect the correction.

(E) If the executive director issues an executive correction, commission staff must notify the CCN holder that the correction has been made.

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

TITLE 19. EDUCATION

PART 2. TEXAS EDUCATION AGENCY

CHAPTER 97. PLANNING AND ACCOUNTABILITY

SUBCHAPTER AA. ACCOUNTABILITY AND PERFORMANCE MONITORING

19 TAC §97.1003

The Texas Education Agency (TEA) proposes an amendment to §97.1003, concerning local accountability systems. The proposed amendment would modify the timeline for submission of a local accountability plan to TEA.

BACKGROUND INFORMATION AND JUSTIFICATION: Section 97.1003 defines the requirements school districts and open-enrollment charter schools must meet if they choose to create a local accountability plan to assign an overall performance rating for a campus.

The proposed amendment to §97.1003 would amend subsection (f)(3) by specifying that a local accountability plan, including its components, domains, and overall scaled scores and ratings, must be submitted to TEA on a timeline determined by the commissioner. This amended subsection would remove the first week of July as the deadline. This change would allow TEA to publish timelines that best fit the needs of districts and charter schools.

FISCAL IMPACT: Marian Schutte, deputy associate commissioner for authorizing and policy, has determined that for the first five-year period the proposal is in effect, there are no additional costs to state or local government, including school districts and open-enrollment charter schools, required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code, §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in Texas Government Code, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to Texas Government Code, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under Texas Government Code, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. Schutte has determined that for each year of the first five years the proposal is in effect, the public benefit anticipated as a result of enforcing the proposal would be allowing TEA to publish submission timelines that best fit the needs of districts and charter schools. There is no anticipated economic cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no new data and reporting impact. Data reporting currently required by the rule would remain unchanged.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins October 18, 2024, and ends November 18, 2024. A request for a public hearing on the proposal submit-

ted under the Administrative Procedure Act must be received by the commissioner of education not more than 14 calendar days after notice of the proposal has been published in the *Texas Register* on October 18, 2024. A form for submitting public comments is available on the TEA website at [https://tea.texas.gov/About_TEA/Laws_and_Rules/Commissioner_Rules_\(TAC\)/Proposed_Commissioner_of_Education_Rules/](https://tea.texas.gov/About_TEA/Laws_and_Rules/Commissioner_Rules_(TAC)/Proposed_Commissioner_of_Education_Rules/).

STATUTORY AUTHORITY. The amendment is proposed under Texas Education Code, §39.0544, which requires the commissioner to adopt rules regarding the local assignment of campus performance ratings by school districts and open-enrollment charter schools.

CROSS REFERENCE TO STATUTE. The amendment implements Texas Education Code, §39.0544.

§97.1003. Local Accountability System.

(a) The local accountability system standards established by the commissioner of education under Texas Education Code (TEC), §39.0544, shall be used by school districts to develop a plan to locally evaluate the performance of their campuses. For the purpose of this section, the term school district includes open-enrollment charter schools.

(b) A local accountability plan created by a school district must include domain performance ratings assigned by the commissioner under TEC, §39.054, and performance ratings based on locally developed domains or sets of accountability measures.

(1) A locally developed domain or set of accountability measures is referred to as a plan component. Plan components must describe each item and the reason for its inclusion in the plan. A school district must assign each component to one of the following five domains: academics, culture and climate, extra- and co-curricular, future-ready learning, and locally determined. The weight of all plan components must equal 100%.

(2) Each campus with an approved school district plan is eligible to receive local accountability rating. A campus with an overall state accountability rating of C or higher based on ratings derived from student performance at the campus is eligible to combine an overall local accountability rating with the overall state accountability rating to determine the combined rating.

(3) For the purposes of assigning state accountability ratings, a campus that does not serve any grade level for which a State of Texas Assessments of Academic Readiness (STAAR®) examination is administered is paired with a campus in its school district that serves grade levels for which STAAR® examinations are administered. A campus not rated under the state accountability system is not eligible to combine state and local ratings. Local accountability data for a campus without state ratings may be displayed on Texas Education Agency (TEA), school district, and campus websites but will not be combined with state accountability data. The state accountability manual adopted under §97.1001 of this title (relating to Accountability Rating System) provides information about campus ratings and eligibility for applicable years.

(4) A school district must create its local accountability plan based on school type. The four school types are elementary school, middle school, high school, and Kindergarten-Grade 12. The plan must include all campuses within a school type. The school district may also request to identify an additional school group within a school type for which to customize its local accountability plan. Otherwise, all campuses within a school type must be evaluated on a common set of components determined by the school district. A school district may also

request to identify a campus rated under alternative education accountability provisions as a unique school type.

(c) A school district may assign weights to each plan component described in subsection (b)(1) of this section, as determined by the district, provided that the plan components must in the aggregate account for no more than 50% of the combined overall performance rating. A local accountability plan may include no fewer than two and no more than ten components weighted between 5% and 60%.

(d) Each plan component must contain levels of performance that allow for differentiation, with assigned standards for achieving the differentiated levels that are aligned to a letter grade of A, B, C, D, or F.

(1) In order to provide for the assignment of a letter grade of A, B, C, D, or F, a school district must use data collected by the district to calculate the current baseline average. The baseline data calculated by the school district is used to set standards for each level by setting the average at a C, or mid-level, with the higher A and B grades designating levels considered to be exceptional and good, respectively, and the lower D and F grades designating levels considered to need improvement and be unacceptable, respectively.

(2) A school district may choose to include a single component with a weight not exceeding 10% with the levels of differentiation based on the face value of the average performance level rather than the average performance level, or baseline, being set at the C or mid-level value.

(3) In the case of components where current baseline levels are not used to set the campus rating scale to a C or mid-level value, TEA may require the school district to re-evaluate the inclusion of the component on an annual basis.

(e) Each plan component measure must meet standards for reliability and validity.

(1) In terms of specific measures, tests, or ratings, a measure is considered reliable if it delivers consistent results across administrations.

(2) In terms of specific measures, tests, or ratings, a measure is considered valid if the resulting outcome represents what the test is designed to measure.

(3) Reliability and validity are closely related, and both must be evident for a measure, test, or rating to be included as component outcomes in a local accountability system plan.

(f) Calculations for each plan component and overall performance ratings must be capable of being audited by a third party.

(1) A school district must use a one-to-one correspondence when converting campus grades based on plan component measures to a standard scale of 30-100 where A=90-100, B=80-89, C=70-79, D=60-69, and F=30-59.

(2) Categorical data, or data not on a continuous scale, must be converted to the standard scale of A=90-100, B=80-89, C=70-79, D=60-69, and F=30-59 by assigning the maximum value for each scaled score interval with the corresponding category used in the campus rating scale.

(3) A school district is required to submit a local accountability plan that includes components, domains [component, domain], and overall scaled scores and ratings to TEA on a timeline determined by the commissioner [by the first week of July of the applicable accountability year].

(4) All scaled scores and letter grades submitted by a school district are subject to audit. Any data discrepancies or any indication that data have been compromised may result in verification and audit of school district and campus data used to assign local accountability ratings. The audit process may include requests for data used for campus-level calculation of component and domain scaled scores.

(5) On an annual basis, TEA will randomly select school districts for local accountability audits, and, for each such audit, TEA will randomly select components for review. Selected school districts must submit the requested data for review within the timeframe specified. A school district must maintain documentation of its local accountability plan, along with all associated data used to assign campus ratings, for two years after the end of the plan implementation period.

(6) Responsibility for the accuracy and quality of data used to determine local accountability ratings rests with each school district. Superintendent certification of data accuracy during the ratings submission process shall include an assurance that calculations have been verified to ensure that all data were included as appropriate for all components.

(7) An appeal of a local accountability rating may be submitted by the superintendent or chief operating officer once ratings are released. The local accountability appeals timeline follows the appeal deadline dates and processes as described in the state accountability manual adopted under §97.1001 of this title for the applicable year.

(g) A school district must produce a campus score card and make available on the district website an explanation of the methodology used to assign local accountability performance ratings. The campus score card shall include, at a minimum, the scaled score and rating for each component and domain along with the overall rating. A link to the local accountability ratings posted by the school district must be provided to TEA and may be included on the agency-developed school report card.

(h) Ratings may be revised as a result of investigative activities by the commissioner as authorized under TEC, §39.057(d) and (e).

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

PART 7. STATE BOARD FOR EDUCATOR CERTIFICATION

CHAPTER 228. REQUIREMENTS FOR EDUCATOR PREPARATION PROGRAMS

The State Board for Educator Certification (SBEC) proposes amendments to 19 Texas Administrative Code (TAC) §§228.2, 228.6, 228.33, 228.67, 228.73, and 228.103, concerning requirements for educator preparation programs (EPPs). The proposed amendments would further clarify requirements and

definitions as applicable to support EPPs and candidates in the successful implementation of these rules.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 228, Requirements for Educator Preparation Programs, establish the requirements for EPPs in the preparation of candidates for Texas educator certification.

As a follow-up to the July 2024 SBEC meeting discussion on proposed changes to the new Chapter 228 rules, Texas Education Agency (TEA) staff completed additional work on draft proposed rule changes and conducted a stakeholder meeting on August 9, 2024. The information from the August stakeholder meeting informed the final version of proposed rules to be presented for the Board's review and action at the September SBEC meeting.

The following is a description of the proposed changes for Chapter 228.

Subchapter A. General Guidance

§228.2. Definitions.

The proposed new definition of extracurricular activities would mirror language of the definition of this term established in 19 TAC Chapter 76, Extracurricular Activities, Subchapter AA, Commissioner's Rules. In addition, defining the term in this manner will provide EPPs and candidates with additional clarity and support around the types of activities that should be considered acceptable to meet preparation program requirements.

The proposed new definition of Legacy Chapter 228 rules would provide a reference to the EPP rules that were in effect on August 31, 2024, and ensure that EPPs and candidates have a place to anchor their use of those rules as they support candidates who began their preparation prior to September 1, 2024, through the rest of the preparation and certification process.

The proposed amendment to the definition of school day would acknowledge that school days may be extended for some subject areas that have duties outside of the regular school day and would strike the reference to clinical teaching and allow guidance on meeting those requirements to be addressed in §228.67, Clinical Teaching.

Some definitions in this section would be renumbered due to the addition of two new definitions in proposed §228.2(26) and §228.2(37).

§228.6. Implementation Date.

The proposed amendment to §228.6, Implementation Date, would create new paragraphs (1) and (2) to more formally codify the implementation structures understood in the field. These additions to the rules would provide clarification and consistency to support EPPs with candidates admitted prior to September 1, 2024.

Proposed new §228.6(1)(A) would reinforce the expectation for candidates who have not started their clinical experience prior to September 1, 2024, to comply with the current rules in Chapter 228, Subchapter E, Educator Candidate Experiences.

Proposed new §228.6(1)(B) would establish a clear deadline to ensure that EPPs and candidates completing requirements under the Legacy Chapter 228 rules do so by August 31, 2026.

Proposed new §228.6(2) would reinforce for EPPs and candidates that anyone admitted into an EPP on or after September 1, 2024, is subject to all requirements in this chapter.

Subchapter D. Required Educator Coursework and Training

§228.33. Preparation Program Coursework and/or Training for All Certification Classes.

A technical edit to §228.33(d)(3) would strike the outdated rule reference that was repealed in February 2024 and replace with an updated reference to the alternative rules, Part 1, Chapter 2, Subchapter J, Rule §2.204 (relating to Approval of Distance Education Courses and Programs for Public Institutions).

Subchapter E. Educator Candidate Experiences

§228.67. Clinical Teaching.

A technical edit to §228.67(a) would change the introductory rule text from "A candidate for initial certification" to "A candidate seeking initial certification" for clarity.

The proposed amendment to §228.67(b)(1) would change the time spent in the subject area of the certificate sought from 4 hours per day to a total of 280 hours across the clinical teaching experience and provide flexibility for candidates to complete the remaining 210 clinical teaching hours in other aspects of an educator's duties.

The proposed amendment to §228.67(b)(3) would add "medical" and strike "illness" to more broadly represent things that could impact a candidate's ability to complete the required total number of clinical teaching hours.

The proposed amendment to §228.67(c) would change the time spent in the subject area of an additional certificate area sought by the candidate that cannot be taught concurrently with the primary certificate area sought from 5 hours per week to a total of 70 hours during the clinical teaching experience, providing flexibility to candidates and EPPs to structure the clinical teaching experience as needed and still comply with requirements.

§228.73. Internship.

The proposed amendment to §228.73(h) would further clarify that subsection (g)(2)-(6) outlines the applicable options under which an EPP should cease with providing additional support to a candidate and proceed with the required steps to deactivate the candidate's intern or probationary certificate.

Subchapter F. Support for Candidates During Required Clinical Experiences

§228.103. Formal Observations for Candidates in Residency Assignments.

The proposed change to §228.103(a) would clarify that an EPP must provide the first formal observation with the first six weeks of all residency assignments. TEA staff is seeking the Board's support in approving this change to restore the original intent of the requirements for formal observations specific to candidates in residency assignments.

FISCAL IMPACT: Jessica McLoughlin, associate commissioner for educator preparation, certification, and enforcement, has determined that for the first five years the proposal is in effect, there is no additional fiscal impact on state or local governments and that there are no additional costs to entities required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communi-

ties; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002 is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore is not subject to TGC, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. McLoughlin, associate commissioner for educator preparation, certification, and enforcement, has determined that for the first five years the proposal is in effect, the public benefit anticipated would be clear and better organized rules regarding EPPs. Overall, the proposal will ensure increased responsiveness to candidate needs, and the overall elevation of the quality of educator preparation influenced by the proposal will have a lasting, positive impact on education and the preparation and retention of qualified educators in every classroom. There is no anticipated cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no additional data and reporting impact.

ENVIRONMENTAL IMPACT STATEMENT: The proposal does not require an environmental impact analysis because the proposal does not include major environmental rules under TGC, §2001.0225.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA staff has determined that the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins October 18, 2024, and ends November 18, 2024. A form for submitting public comments is available on the TEA website at [https://tea.texas.gov/About_TEA/Laws_and_Rules/SBEC_Rules_\(TAC\)/Proposed_State_Board_for_Educator_Certification_Rules/](https://tea.texas.gov/About_TEA/Laws_and_Rules/SBEC_Rules_(TAC)/Proposed_State_Board_for_Educator_Certification_Rules/). The SBEC will also take registered oral and written comments on the proposal during the December 2024 meeting's public comment period in accordance with the SBEC board operating policies and procedures.

EPPs available to the public through its internet website and gives the SBEC authority to require any person to give information to the Board for this purpose; TEC, §21.0453, which sets requirements for information that EPPs must provide candidates and gives the SBEC rulemaking authority to implement the provision and ensure that EPPs give candidates accurate information; TEC, §21.0454, which gives the SBEC rulemaking authority to set risk factors to determine the Board's priorities in conducting monitoring, inspections, and compliance audits and sets out certain factors that must be included among the factors; TEC, §21.0455, which gives the SBEC rulemaking authority to establish a process for a candidate for teacher certification to direct a complaint against an EPP to the agency, requires that EPPs notify candidates of the complaints process, states that the SBEC must post the complaint process on its website, and states that the SBEC has no authority to resolve disputes over contractual or commercial issues between programs and candidates; TEC, §21.046(b), which requires the SBEC to allow outstanding teachers to substitute approved experience and professional training for part of the educational requirements in lieu of classroom hours; TEC, §21.046(c), which requires the SBEC to ensure that principal candidates are of the highest caliber and that there is a multi-level screening process, along with assessment programs, and flexible internships to determine whether a candidate has the necessary skills for success; TEC, §21.048(a), which requires the SBEC to prescribe comprehensive certification examinations for each class of certificate issued by the Board; TEC, §21.0485, which states that to be eligible for certification to teach students with visual impairments, a person must complete all coursework required for that certification in an approved EPP or alternative EPP, perform satisfactorily on required certification exams, and satisfy other requirements established by the SBEC; TEC, §21.0487(c), which requires the SBEC to propose rules related to approval of EPPs to offer the Junior Reserve Officer Training Corps (JROTC) teacher certification and to recognize applicable military training and experience and prior employment by a school district as a JROTC instructor to support completion of certification requirements; TEC, §21.0489(c), which sets out the requirements for Early Childhood certification; TEC, §21.04891, which sets out the requirements for the Bilingual Special Education certification; TEC, §21.049(a), which requires the SBEC to propose rules providing for EPPs as an alternative for traditional preparation programs; TEC, §21.0491, which requires the SBEC to create a probationary and standard trade and industrial workforce training certificate; TEC, §21.050(a), which requires an applicant for teacher certification to have a bachelor's degree in a relevant field; TEC, §21.050(b), which requires the SBEC to include hours of field-based experience in the hours of coursework required for certification and allows the Board to require additional credit hours for certification in bilingual education, English as a second language, early childhood education, or special education; and TEC, §21.050(c), which exempts people who receive a bachelor's degree while receiving an exemption from tuition and fees under TEC, §54.363, from having to participate in field-based experiences or internships as a requirement for educator certification; and TEC, §21.051, which requires that candidates complete at least 15 hours of field-based experiences in which the candidate is actively engaged in instructional or educational activities under supervision involving a diverse student population at a public-school campus or an approved private school, allows 15 hours of experience as a long-term substitute to count as field-based experience, and gives the SBEC rulemaking authority related to field-based experiences;

and Texas Occupations Code (TOC), §55.007, which requires all state agencies that issue licenses or certifications to credit military experience toward the requirements for the license or certification.

CROSS REFERENCE TO STATUTE. The amendments implement Texas Education Code, §§21.003(a), 21.031; 21.041(b)(1)-(4); 21.044; 21.0441; 21.0442(c); 21.0443; 21.045(a); 21.0452, 21.0453; 21.0454; 21.0455; 21.046(b) and(c); 21.048(a); 21.0485; 21.0487(c); 21.0489(c); 21.04891; 21.049(a); 21.0491; 21.050(a)-(c); and 21.051; and the Texas Occupations Code, §55.007.

(b) The required duration of a clinical teaching assignment shall be a minimum of 490 hours [that is not less than an average of 4 hours each day in the subject area and grade level of certification sought, including planning periods but not including lunch periods]. For the purposes of satisfying this requirement, the following provisions apply.

The candidate must be under the supervision of a certified educator for the remaining required hours of clinical teaching.

(a) - (f) (No change.)

(g) An EPP must provide ongoing support to a candidate as described in Subchapter F of this chapter (relating to Support for Candidates During Required Clinical Experiences) for the full term of the initial and any additional internship, unless, prior to the expiration of that term:

(1) a standard certificate is issued to the candidate during any additional internship under an intern or probationary certificate;

(2) the candidate resigns, is non-renewed, or is terminated by the school or district;

(3) the candidate is discharged or is released from the EPP;

CHAPTER 234. MILITARY SERVICE MEMBERS, MILITARY SPOUSES, AND MILITARY VETERANS

19 TAC §§234.1, 234.3, 234.5, 234.7

The State Board for Educator Certification (SBEC) proposes amendments to 19 Texas Administrative Code (TAC) §§234.1, 234.3, 234.5, and 234.7, concerning military service members, military spouses, and military veterans. The proposed amendments would add language specific to the Servicemembers Civil Relief Act (SCRA), allowing the portability of licenses for active-duty military service members or the spouse of a military service member and would provide technical edits to clarify existing language, alphabetize definitions, and remove duplicative language where necessary. The proposed amendments, if adopted, would expand the number of individuals eligible to become certified educators in Texas.

BACKGROUND INFORMATION AND JUSTIFICATION: The SBEC rules in 19 TAC Chapter 234 consolidate all military-related provisions into one chapter for all members of the military community (i.e., military service members, military spouses, and military veterans) and related individuals subject to these provisions through statute (military veterans, peace officers, fire protection personnel, emergency medical services personnel, and qualified instructors for the Community College of the Air Force).

At the July 2024 SBEC meeting, Texas Education Agency (TEA) staff provided SBEC with an overview of the provisions of the chapter as well as proposed technical edits to alphabetize, re-number, and strike duplicative information. TEA staff also discussed the addition of language added to the SCRA by the U.S. Congress to allow service members and the spouses of military service members to use their professional licenses and certificates when they relocate due to military orders.

The following is a description of the proposed amendments.

§234.1. Purpose.

The proposed amendment to 19 TAC §234.1 would incorporate technical edits and add new subsection (c) related to the SCRA to incorporate the federally mandated Veterans Auto and Education Improvement Act of 2022 (H.R. 7939), which allows a military service member or the spouse of a military service member to use their license and certificates in certain circumstances when they relocate to another state due to military orders.

§234.3. Definitions.

The proposed amendment to 19 TAC §234.3 would alphabetize and re-number definitions relevant to effective implementation of this chapter. No changes to the text of the definitions are proposed.

§234.5. Certification of Military Service Members, Military Spouses, and Military Veterans.

The proposed amendment to 19 TAC §234.5 would make the following technical edits for clarification: in subsection (b), would add the phrase "Following completion of the review of credentials,"; would strike the phrase "As soon as practicable after the issuance of a one-year certificate"; would strike the phrase "in writing or by email" to more accurately reflect the current process of placing the results of an educator's credentials review in his or her online certification account for access and review; would add text to include the temporary certificate; and would strike subsection (c) because it is duplicative and re-letter the subsequent subsections.

§234.7. Renewal and Continuing Education Requirements for Military Service Members, Military Spouses, and Military Veterans.

The proposed amendment to 19 TAC §234.7 would strike subsection (d) since there is not a time limit imposed on any individual related to certificate renewal.

FISCAL IMPACT: Jessica McLoughlin, associate commissioner for educator preparation, certification, and enforcement, has determined that for the first five years the proposal is in effect, there is no additional fiscal impact on state or local governments and that there are no additional costs to entities required to comply with the proposal.

LOCAL EMPLOYMENT IMPACT: The proposal has no effect on local economy; therefore, no local employment impact statement is required under Texas Government Code (TGC), §2001.022.

SMALL BUSINESS, MICROBUSINESS, AND RURAL COMMUNITY IMPACT: The proposal has no direct adverse economic impact for small businesses, microbusinesses, or rural communities; therefore, no regulatory flexibility analysis, specified in TGC, §2006.002, is required.

COST INCREASE TO REGULATED PERSONS: The proposal does not impose a cost on regulated persons, another state agency, a special district, or a local government and, therefore, is not subject to TGC, §2001.0045.

TAKINGS IMPACT ASSESSMENT: The proposal does not impose a burden on private real property and, therefore, does not constitute a taking under TGC, §2007.043.

GOVERNMENT GROWTH IMPACT: TEA staff prepared a Government Growth Impact Statement assessment for this proposed rulemaking. During the first five years the proposed rulemaking would be in effect, it would not create or eliminate a government program; would not require the creation of new employee positions or elimination of existing employee positions; would not require an increase or decrease in future legislative appropriations to the agency; would not require an increase or decrease in fees paid to the agency; would not create a new regulation; would not expand, limit, or repeal an existing regulation; would not increase or decrease the number of individuals subject to its applicability; and would not positively or adversely affect the state's economy.

PUBLIC BENEFIT AND COST TO PERSONS: Ms. McLoughlin has determined that for the first five years the proposal is in effect, the public benefit anticipated would be clear and better organized rules regarding military service members, military spouses, military veterans, and first responders. There is no an-

anticipated cost to persons who are required to comply with the proposal.

DATA AND REPORTING IMPACT: The proposal would have no new data and reporting impact.

ENVIRONMENTAL IMPACT STATEMENT: The proposal does not require an environmental impact analysis because the proposal does not include major environmental rules under TGC, §2001.0225.

PRINCIPAL AND CLASSROOM TEACHER PAPERWORK REQUIREMENTS: TEA staff has determined the proposal would not require a written report or other paperwork to be completed by a principal or classroom teacher.

PUBLIC COMMENTS: The public comment period on the proposal begins October 18, 2024, and ends November 18, 2024. A form for submitting public comments is available on the TEA website at [https://tea.texas.gov/About_TEA/Laws_and_Rules/SBEC_Rules_\(TAC\)/Proposed_State_Board_for_Educator_Certification_Rules/](https://tea.texas.gov/About_TEA/Laws_and_Rules/SBEC_Rules_(TAC)/Proposed_State_Board_for_Educator_Certification_Rules/). The SBEC will also take registered oral and written comments on the proposal during the December 2024 meeting's public comment period in accordance with the SBEC board operating policies and procedures.

STATUTORY AUTHORITY. The amendments are proposed under Texas Education Code (TEC), §21.041(b)(2), which requires the State Board for Educator Certification (SBEC) to propose rules that specify the classes of educator certificates to be issued, including emergency certificates; TEC, §21.041(b)(4), which requires the SBEC to propose rules that specify the requirements for the issuance and renewal of an educator certificate; TEC, §21.044(a), which requires the SBEC to propose rules establishing training requirements a person must accomplish to obtain a certificate, enter an internship, or enter an induction-year program; TEC, §21.0444, which requires the SBEC to propose rules for issuing a temporary certification to teach career and technology education for certain military service members and first responders; TEC, §21.052(b-1), which requires the SBEC to propose rules to establish procedures to establish residency and expedite processing of certification applications submitted by a military veteran or military spouse; TEC, §21.052(c), which states the SBEC can specify the term of a temporary certificate issued under this subsection; TEC, §21.052(d-1), which requires the SBEC to issue a three-year temporary certificate to eligible military spouses of active-duty service members; TEC, §21.052(f), which requires the SBEC to maintain an Internet website that outlines the procedures for military community members to obtain certification in Texas; TEC, §21.052(i), which defines active-duty service, lists the branches of the United States armed forces, and confirms the members of the military community eligible for processes established to certify educators from outside the state; TEC, §21.0525, which requires the SBEC to propose rules for issuing a temporary teaching certificate for certain persons with experience as instructors for the Community College of the Air Force; TEC, §21.054, which requires the SBEC to propose rules establishing a process for identifying continuing education courses and programs that fulfill educators' continuing education requirements; and TEC, §21.458(a-2), which specifies that a school district shall assign a mentor teacher to a classroom teacher who has been issued a temporary certificate to teach career and technology education under TEC, §21.0444, for at least two years; and Texas Occupations Code (TOC), §55.001, which defines key terms and identifies the individuals relevant to the processing and support of members of the military

community; TOC, §55.002, which provides clarification and guidelines for implementing fee exemptions for members of the military community; TOC, §55.003, which states military service members are eligible to receive a two-year extension of time to complete requirements for license renewal; TOC, §55.004(a)-(c), which requires state agencies to adopt rules for issuance of licensure to members of the military community and provides alternatives to become eligible for licensure; TOC, §55.004(d), which requires state agencies to adopt rules to allow military service members and military spouses to meet the residency requirements for licensure; TOC, §55.0041, which requires state agencies to establish a process to identify jurisdictions that have licensing requirements that are substantially equivalent to the requirements for the license in this state and to verify that the member or spouse is licensed in good standing in such a jurisdiction; TOC, §55.005(a), which requires a state agency that issues a license must do so no later than 30 days following the date that a military service member, military veteran, or military spouse applies for licensure; TOC, §55.006, which requires state agencies to determine renewal requirements for expedited licenses issued to members of the military community; TOC, §55.007, which allows state agencies to credit verified military service, training, or education toward licensing requirements; TOC, §55.008, which requires state agencies to credit verified relevant military service, training, or education relevant to the occupation toward the apprenticeship requirements for licensure; TOC, §55.009, which confirms state agencies that issue licensure shall waive license application and examination fees paid to the state for applicable members of the military community; and TOC, §55.010, which requires state agencies to prominently post notification of licensure provisions for military service members, military veterans, and military spouses on the home page of the agency's website.

CROSS REFERENCE TO STATUTE. The amendment implements Texas Education Code, §§21.041(b)(2) and (4); 21.044(a); 21.0444, 21.052(b-1), (c), (d-1), (f), and (i); 21.0525, 21.054; and 21.458(a-2), and Texas Occupations Code, §§55.001; 55.002; 55.003; 55.004(a)-(c); 55.004(d), 55.0041, 55.005(a), 55.006; 55.007; 55.008; 55.009; and 55.010.

(c) Effective January 5, 2023, Title 50--War and National Defense, Chapter 50--Servicemembers Civil Relief, Subchapter VII--Further Relief, was amended to add Section 4025a, which states in any case in which a servicemember or the spouse of a servicemember has a covered license and such servicemember or spouse relocates his or

her residency because of military orders for military service to a location that is not in the jurisdiction of the licensing authority that issued the covered license, such covered license shall be considered valid at a similar scope of practice and in the discipline applied for in the jurisdiction of such new residency for the duration of such military orders. The servicemember's or spouse's covered license or certificate must be in good standing with the licensing authority that issued such professional license or certificate and has been actively used during the two years immediately preceding the relocation. Requirements to have a specific number of years of experience in roles other than classroom teacher do not apply to applicants eligible for certification via provisions of the Servicemembers Civil Relief Act.

TITLE 22. EXAMINING BOARDS

PART 1. TEXAS BOARD OF ARCHITECTURAL EXAMINERS

CHAPTER 1. ARCHITECTS

SUBCHAPTER C. EXAMINATION

22 TAC §1.41

The Texas Board of Architectural Examiners ("Board") proposes the amendment of part 1, chapter 1, subchapter C, 22 Texas Administrative Code §1.41, relating to Requirements.

SUBJECT MATERIAL STATEMENT

This proposed rulemaking action would provide an earlier opportunity to begin taking the Architect Registration Examination (ARE). The ARE is a six-division exam used to assess knowledge and skills regarding the practice of architecture. The ARE is prepared and scored by the National Council of Architectural Registration Boards (NCARB) and is required by all U.S. jurisdictions as a step on the path to earning an architectural registration.

The current rule §1.41 requires completion of "at least six (6) months of full-time experience working under the direct supervision of a licensed architect," in order to be approved to take the ARE. The proposed rule §1.41 removes this requirement. By removing the experience requirement prior to testing, proposed rule §1.41 would streamline the examination process and reduce impediments to registration. Note that this proposed rule

change would not impact the requirement under §1.41 that an applicant must demonstrate completion of the Architectural Experience Program (a 3,740-hour experience program administered by NCARB) prior to becoming registered. Rather, the proposed rule would allow applicants the flexibility to begin testing prior to collecting working experience.

This proposed amendment was spurred by a recently adopted NCARB resolution to amend its Model Law and Regulations. Under that resolution, the model law would allow applicants to begin testing with only a high school degree or equivalent. The Board is unable to fully implement NCARB's new policy because its enabling statute requires applicants to have graduated from a recognized university or college of architecture approved by the Board prior to approval for testing. However, the Board has greater discretion to determine the appropriate level of experience that is required prior to testing and is therefore proposing this rule to allow applicants an earlier start in the examination process.

EXPLANATION OF ACTION

Accordingly, the Board proposes eliminating the experience requirement prior to testing. Proposed rule §1.41 would give architect candidates an earlier opportunity and greater flexibility to take an exam section when they feel most prepared.

FISCAL NOTE

Pim Mayo, General Counsel, has determined that for the first five-year period the amended rule is in effect, the amendments will have no significant adverse fiscal impact upon state government, local government, or the Texas Board of Architectural Examiners.

GOVERNMENT GROWTH IMPACT STATEMENT

During the first five years the proposed rule would be in effect, no government program would be created or eliminated. The adoption of the proposed rule would not result in the creation or elimination of employee positions. Implementation of the proposed rule is not expected to require an increase or decrease in legislative appropriations to the agency. The proposed rule is not likely to increase fees paid to the Board. The proposed rule would not result in the adoption of new regulations. Rather, the proposed rule amends existing regulations, in a manner that imposes a decreased burden on examination candidates by allowing testing to begin without six months of experience. The proposed rule would not increase the number of individuals subject to the rule's applicability. The proposed rule is not expected to have any impact on the state's economy.

PUBLIC BENEFIT/COST OF COMPLIANCE

For the first five-year period the amended rule is in effect, the public benefit of the proposed rule includes reducing barriers to entry and maintaining national registration standards in Texas. Additionally, candidates for registration would benefit from starting the ARE process earlier, without any impact on the validity of the examination to measure the knowledge necessary to practice as an architect.

Compliance with the proposed amendment is not expected to result in economic costs to persons who are required to comply with the rule.

FISCAL IMPACT ON SMALL BUSINESSES, MICRO-BUSINESSES, AND RURAL COMMUNITIES

There will be no adverse effect on small businesses, micro-businesses, or rural communities as a result of the proposed rule. Since the agency has determined that the proposed rule will have no adverse economic effect on small businesses, microbusinesses, or rural communities, preparation of an Economic Impact Statement and a Regulatory Flexibility Analysis, as detailed under Texas Government Code §2006.002, is not required.

TAKINGS IMPACT ASSESSMENT

The agency has determined that no private real property interests are affected by the proposed rule and the proposed rule does not restrict, limit, or impose a burden on an owner's rights to his or her private real property that would otherwise exist in the absence of government action. As a result, the proposed rule does not constitute a taking or require a takings impact assessment under Government Code §2007.043.

LOCAL EMPLOYMENT IMPACT STATEMENT

The agency has determined that the proposed rule will not affect any local economy, so the agency is not required to prepare a local employment impact statement under Government Code §2001.022.

ONE-FOR-ONE REQUIREMENT FOR RULES WITH A FISCAL IMPACT

As a self-directed semi-independent agency, Government Code §2001.0045 does not apply to rules adopted by the Board.

PUBLIC COMMENT

Comments on the proposed rule may be submitted to Pim Mayo, General Counsel, Texas Board of Architectural Examiners, P.O. Box 12337, Austin, Texas 78711-2337.

STATUTORY AUTHORITY

The amendment of §1.41 is proposed under Tex. Occ. Code §1051.202, which authorizes the Board to adopt reasonable rules as necessary to regulate the practice of architecture; and Tex. Occ. Code §1051.705, which authorizes the Board to adopt an experience requirement for eligibility to take the registration examination for architects.

CROSS REFERENCE TO STATUTE

The proposed amendment does not affect any other statute.

§1.41. Requirements.

(a) (No change.)

(b) The Board may approve an Applicant to take the ARE only after the Applicant has completed the educational requirements for architectural registration by examination in Texas, [has completed at least six (6) months of full-time experience working under the direct supervision of a licensed architect,] has enrolled in the Architectural Experience Program (AXP) by establishing a council record with NCARB, and has submitted the required application materials.

(c) - (e) (No change.)

The agency certifies that legal counsel has reviewed the proposal and found it to be within the state agency's legal authority to adopt.

CHAPTER 3. LANDSCAPE ARCHITECTS SUBCHAPTER C. EXAMINATION

22 TAC §3.41

The Texas Board of Architectural Examiners ("Board") proposes the amendment of 22 Texas Administrative Code, part 1, chapter 3, subchapter C, §3.41, relating to Requirements.

SUBJECT MATERIAL STATEMENT

This proposed rulemaking action would provide an earlier opportunity to begin taking the Landscape Architect Registration Examination (LARE). The LARE is a four-part examination designed to determine whether applicants for landscape architectural registration possess sufficient knowledge, skills, and abilities to provide services without endangering the health, safety and welfare of the public. The LARE is prepared and scored by the Council of Landscape Architectural Registration Boards (CLARB).

The current rule §3.41 requires completion of "at least six (6) months of full-time experience working under the direct supervision of a licensed architect," in order to be approved to take the ARE. The proposed rule §3.41 removes this requirement. By removing the experience requirement prior to testing, proposed rule §3.41 would streamline the examination process and reduce impediments to registration. Note that this proposed rule change would not impact the requirement under §3.191 that an applicant must complete at least 3,640 hours of acceptable experience prior to becoming registered. Rather, the proposed rule allows applicants the flexibility to begin testing prior to collecting working experience.

This proposed amendment would align Texas with the majority of CLARB jurisdictions. The national trend is to eliminate experience requirements prior to testing, and Texas is one of only seven states that requires experience before beginning testing. The Board has discretion to determining the appropriate level of experience that is required prior to testing.

EXPLANATION OF ACTION

Accordingly, the Board proposes eliminating the experience requirement prior to testing. Proposed rule §3.41 would give landscape architect candidates an earlier opportunity and greater flexibility to take an exam section when they feel most prepared.

FISCAL NOTE

Pim Mayo, General Counsel, has determined that for the first five-year period the amended rule is in effect, the amendments will have no significant adverse fiscal impact upon state government, local government, or the Texas Board of Architectural Examiners.

GOVERNMENT GROWTH IMPACT STATEMENT

During the first five years the proposed rules would be in effect, no government program would be created or eliminated. The adoption of the proposed rule would not result in the creation or elimination of employee positions. Implementation of the pro-

posed rule is not expected to require an increase or decrease in legislative appropriations to the agency. The proposed rule is not likely to increase fees paid to the Board. The proposed rule would not result in the adoption of new regulations. Rather, the proposed rule amends existing regulations, in a manner that imposes a decreased burden on examination candidates by allowing testing to begin without six months of experience. The proposed rules would not increase the number of individuals subject to the rule's applicability. The proposed rules are not expected to have any impact on the state's economy.

Additionally, candidates for registration would benefit from starting the LARE process earlier, without any impact on the validity of the examination to measure the knowledge necessary to practice as a landscape architect.

Compliance with the proposed amendment is not expected to result in economic costs to persons who are required to comply with the rule.

FISCAL IMPACT ON SMALL BUSINESSES, MICRO-BUSINESSES, AND RURAL COMMUNITIES

There will be no adverse effect on small businesses, micro-businesses, or rural communities as a result of the proposed rule. Since the agency has determined that the proposed rule will have no adverse economic effect on small businesses, microbusinesses, or rural communities, preparation of an Economic Impact Statement and a Regulatory Flexibility Analysis, as detailed under Texas Government Code §2006.002, is not required.

TAKINGS IMPACT ASSESSMENT

The agency has determined that no private real property interests are affected by the proposed rule and the proposed rule does not restrict, limit, or impose a burden on an owner's rights to his or her private real property that would otherwise exist in the absence of government action. As a result, the proposed rule does not constitute a taking or require a takings impact assessment under Government Code §2007.043.

LOCAL EMPLOYMENT IMPACT STATEMENT

The agency has determined that the proposed rules will not affect any local economy, so the agency is not required to prepare a local employment impact statement under Government Code §2001.022.

ONE-FOR-ONE REQUIREMENT FOR RULES WITH A FISCAL IMPACT

As a self-directed semi-independent agency, Government Code §2001.0045 does not apply to rules adopted by the Board.

PUBLIC COMMENT

Comments on the proposed rules may be submitted to Pim Mayo, General Counsel, Texas Board of Architectural Examiners, P.O. Box 12337, Austin, Texas 78711-2337.

STATUTORY AUTHORITY

The amendment of §3.41 is proposed under Tex. Occ. Code §1051.202, which authorizes the Board to adopt reasonable

rules as necessary to regulate the practice of landscape architecture; and Tex. Occ. Code §1052.154 which authorizes the Board to adopt an experience requirement for eligibility to take the registration examination for landscape architects.

TITLE 34. PUBLIC FINANCE

PART 1. COMPTROLLER OF PUBLIC ACCOUNTS

CHAPTER 9. PROPERTY TAX ADMINISTRATION

SUBCHAPTER H. TAX RECORD REQUIREMENTS

34 TAC §9.3031

The Comptroller of Public Accounts proposes amendments to §9.3031, concerning rendition forms.

These amendments are to reflect updates to rendition forms and are necessary to implement House Bill 2121, 88th Legislature, R.S., 2023.

The amendments rename the title of model rendition form 50-142 in subsection (d)(2) to General Personal Property Rendition of Taxable Property; form 50-143 in subsection (d)(3) to Rendition of Residential Real Property Inventory; form 50-149 in subsection (d)(6) to Real Property Rendition of Taxable Property; form 50-150 in subsection (d)(7) to Oil and Gas Property Rendition of Taxable Property; form 50-151 in subsection (d)(8) to Mine and Quarry Rendition of Taxable Property.

The amendments also combine former model rendition forms 50-152 (Telephone Company Rendition of Taxable Property), 50-153 (REA-Financed Telephone Company Rendition of Taxable Property), 50-154 (Electric Company and Electric

Cooperative Rendition of Taxable Property), and 50-155 (Gas Distribution Utility Rendition of Taxable Property) into one consolidated model rendition form in subsection (d)(9): 50-152 (Utility Rendition of Taxable Property). The remainder of the amendments to subsection (d) reorganize the model rendition forms in numerical order. The referenced forms have been updated to implement new subsection 22.24(e)(5), Tax Code and may be viewed at <https://comptroller.texas.gov/taxes/property-tax/forms/>.

Brad Reynolds, Chief Revenue Estimator, has determined that during the first five years that the proposed amended rule is in effect, the rule: will not create or eliminate a government program; will not require the creation or elimination of employee positions; will not require an increase or decrease in future legislative appropriations to the agency; will not require an increase or decrease in fees paid to the agency; will not increase or decrease the number of individuals subject to the rule's applicability; and will not positively or adversely affect this state's economy.

Mr. Reynolds also has determined that the proposed amended rule would have no significant fiscal impact on the state government, units of local government, or individuals. The proposed amended rule would benefit the public by conforming the rule to current statute and improving the clarity and implementation of the section. There would be no significant anticipated economic cost to the public. The proposed amended rule would have no fiscal impact on small businesses or rural communities.

You may submit comments on the proposal to Shannon Murphy, Director, Property Tax Assistance Division, P.O. Box 13528 Austin, Texas 78711 or to the email address: ptad.rulecomments@cpa.texas.gov. The comptroller must receive your comments no later than 30 days from the date of publication of the proposal in the *Texas Register*.

The amendments are proposed under Tax Code, §5.03 (Powers and Duties Generally), which authorizes the comptroller to adopt rules establishing minimum standards for the administration and operation of an appraisal district.

These amendments implement Tax Code, §22.24 (Rendition and Report Forms).

§9.3031. *Rendition Forms.*

(a) All appraisal offices and all tax offices appraising property for purposes of ad valorem taxation shall prepare and make available at no charge, printed or electronic forms for the rendering of property.

(b) A person rendering property shall use the model form adopted by the Comptroller of Public Accounts or a form containing information which is in substantial compliance with the model form if approved by the comptroller.

(c) Nothing in this section shall be construed to prohibit the combination of the information contained on two or more model forms into a single form in order to use a single form to achieve substantial compliance with two or more model forms.

(d) The comptroller's model forms applicable to this section may be revised at the discretion of the comptroller. Current forms can be obtained from the Comptroller of Public Accounts' Property Tax Assistance Division. The model rendition forms are:

ADOPTED RULES

Adopted rules include new rules, amendments to existing rules, and repeals of existing rules. A rule adopted by a state agency takes effect 20 days after the date on which it is filed with the Secretary of State unless a later date is required by statute or specified in the rule (Government Code, §2001.036). If a rule is adopted without change to the text of the proposed rule, then the *Texas Register* does not republish the rule text here. If a rule is adopted with change to the text of the proposed rule, then the final rule text is included here. The final rule text will appear in the Texas Administrative Code on the effective date.

TITLE 34. PUBLIC FINANCE

PART 1. COMPTROLLER OF PUBLIC ACCOUNTS

CHAPTER 9. PROPERTY TAX ADMINISTRATION

SUBCHAPTER H. TAX RECORD REQUIREMENTS

34 TAC §9.3006

The Comptroller of Public Accounts adopts amendments to §9.3006, concerning notice of estimated taxes required to be delivered by county appraisal districts, without changes to the proposed text as published in the August 23, 2024, issue of the *Texas Register* (49 TexReg 6409). The rule will not be republished.

The amendments reflect the changes to Tax Code, §26.04 (Submission of Roll to Governing Body; No-New-Revenue and Voter-Approval Tax Rates) made by House Bill 3273, 88th Legislature, R.S., 2023, which changed the method of delivery from mail and email to posting online and publication, and added the assessor collector of each of the taxing units to the process.

The amendments update the title of the section to conform to the changes made by House Bill 3273.

The amendments to subsection (a), as required by House Bill 3273, subject the assessor collector for each taxing unit participating in the appraisal district to the requirement to post notice; add information in new paragraph (4) that House Bill 3273 requires to be included in the notice; and correct a typo.

The amendment to subsection (b) adds the assessor collector for each taxing unit participating in the appraisal district to the subsection, which allows them to use the comptroller prescribed model form or a different form that sets out the information listed in subsection (a).

The amendments to subsection (c) add the assessor collector for each taxing unit participating in the appraisal district and replace delivery with posting and publication, as required by House Bill 3273.

The comptroller received comments regarding adoption of the amendments from Larry Gaddes, Williamson County Tax Assessor-Collector and Jane Ridgway.

Mr. Gaddes comments that "the rule instructs the assessor for each taxing unit to post the required language on the taxing unit's website. If a taxing unit fails to post the required language, the assessor is presumed to have failed to do so. The assessor has no authority, access, or administrative ability to compel the tax-

ing unit to post the required language." The comptroller thanks Mr. Gaddes for submitting this comment, but declines to make changes to the rule in response to this comment because the rule reflects the language in Tax Code, §26.04(e-2).

Ms. Ridgway expressed her disapproval of the notice no longer being delivered by mail, stating that elderly people like herself do not access information like this electronically or online. The comptroller thanks Ms. Ridgway for submitting this comment, but is unable to change the rule because the legislature amended the statute to eliminate the requirement to deliver the notice by mail.

The comptroller adopts the amendments under Tax Code, §26.04 (Submission of Roll to Governing Body; No-New-Revenue and Voter-Approval Tax Rates), which authorizes the comptroller to, with advice of the property tax administration advisory board, adopt rules prescribing the form of notice required by subsection (e-2), and authorizes the comptroller to adopt rules regarding the format, posting and publication of the notice.

The amendments implement Tax Code, §26.04 (Submission of Roll to Governing Body; No-New Revenue and Voter-Approval Tax Rates).

The agency certifies that legal counsel has reviewed the adoption and found it to be a valid exercise of the agency's legal authority.

APPLICATION. Las Lomas Municipal Utility District 4B of Kaufman County, 14755 Preston Road, Suite 600, Dallas, Texas 75254, has applied to the Texas Commission on Environmental Quality (TCEQ) for a major amendment to Texas Pollutant Discharge Elimination System (TPDES) Permit No. WQ0014803001, to authorize an increase in the discharge of treated domestic wastewater from a daily average flow not to exceed 500,000 gallons per day to a daily average flow not to exceed 950,000 gallons per day. TCEQ received this application on July 11, 2022.

The facility is located approximately 1,450 feet southwest of the intersection of Norton Drive and Farm-to-Market Road 148, in Kaufman County, Texas 75160. The treated effluent is discharged to Terry Creek, thence to Big Brushy Creek, thence to Kings Creek, thence to Cedar Creek Reservoir in Segment No. 0818 of the Trinity River Basin. The unclassified receiving water uses are minimal aquatic life use for Terry Creek and high aquatic life use for Big Brushy Creek. The designated uses for Segment No. 0818 are primary contact recreation, public water supply, and high aquatic life use. In accordance with 30 Texas Administrative Code §307.5 and the TCEQ's *Procedures to Implement the Texas Surface Water Quality Standards* (June 2010), an antidegradation review of the receiving waters was performed. A Tier 1 antidegradation review has preliminarily determined that existing water quality uses will not be impaired by this permit action. Numerical and narrative criteria to protect existing uses will be maintained. A Tier 2 review has preliminarily determined that no significant degradation of water quality is expected in Big Brushy Creek and Cedar Creek Reservoir, which have been identified as having high aquatic life use. Existing uses will be maintained and protected. The preliminary determination can be re-examined and may be modified if new information is received. This link to an electronic map of the site or facility's general location is provided as a public courtesy and is not part of the application or notice. Notice and Opportunity to Comment on Requests for Consistency Agreement/Concurrence Under the Texas Coastal Management Program

On January 10, 1997, the State of Texas received federal approval of the Coastal Management Program (CMP) (62 *Federal Register* pp. 1439 - 1440). Under federal law, federal agency activities and actions affecting the Texas coastal zone must be consistent with the CMP goals and policies identified in 31 TAC Chapter 26. Requests for federal consistency review were deemed administratively complete for the following project(s) during the period of, September 30, 2024 to October 4, 2024. As required by federal law, the public is given an opportunity to comment on the consistency of proposed activities in the coastal zone undertaken or authorized by federal agencies. Pursuant to 31 TAC §§30.20(f), 30.30(h), and 30.40(e), the public comment period extends 30 days from the date published on the Texas General Land Office web site. The notice was published on the web site on Friday, October 11, 2024. The public comment period for this project will close at 5:00 p.m. on Sunday, November 10, 2024.

Federal Agency Activities:

Applicant: National Aeronautics and Space Administration

Location: The project site is located west of the existing Space Center Houston in Houston, Harris County, Texas.

Project Description: The proposed Space Center Houston West Campus Master Plan (SCHWC - proposed Project) would include development of the Lunar Mars Surface Integration Facility, composed of an approximately 12-acre indoor domed facility that includes simulated lunar and Martian surfaces, a rover path, an operations center, SCH STEM learning centers (education facilities), and research labs and conference/collaboration spaces; a new AquaLab Facility; the Human Performance Accelerator Lab; the Remote Learning Innovation Center; the Astronaut Qualification Course; a 200-bed dormitory; a mini rocket student launch pad; a warehouse facility; and a parking garage.

Overall, the Proposed Action would result in the filling of 1.83 acres of wetlands, including 0.67 acre of palustrine forested wetlands and 1.16 acres of palustrine unconsolidated bottom wetland. Construction best management practices would be implemented to reduce erosion potential during ground-disturbing activities, and regulatory requirements would be followed to ensure appropriate stormwater runoff control. The construction contractor would be required to develop and implement a Stormwater Pollution Prevention Plan and file a Notice of Intent with the Texas Commission on Environmental Quality prior to the start of construction. Cow Bayou and other drainage features would be protected by implementation of erosion and sediment controls to ensure minimal discharge to the waterbodies. To minimize construction noise impacts to surrounding residential areas, construction would take place during normal business hours during the week only (Monday through Friday) and equipment would meet all local, state, and federal noise regulations. To reduce potential impacts to roadway traffic in the im-

mediate vicinity of the SCHWC, construction vehicles and equipment would be stored on-site during Project construction, appropriate signage would be posted on affected roadways, and a new left turn lane and signal would be installed at the main driveway entrance to the site. Additionally, all construction activities would be performed by qualified personnel and in accordance with all applicable federal, state, and local regulations, as well as NASA's policies.

Type of Application: Draft Environmental Assessment for Space Center Houston - West Campus Master Plan.

CMP Project No: 25-1007-F2

Federal License and Permit Activities:

Applicant: Galveston LNG Bunker Port, LLC

Location: The project site is located on Shoal Point in the southwestern portion of Galveston Bay, south of the Texas City Dike adjacent to the Texas City Ship Channel Turning Basin, in Galveston County, Texas.

Latitude and Longitude: 28.765193, -95.650717

Project Description: The applicant proposes to construct the Galveston Liquefied Natural Gas (LNG) Bunker Port Project, a natural gas liquefaction facility. To facilitate the construction and installation of this facility, the applicant proposes the following impacts to open water areas adjacent to on the western side of Shoal Point Island.

This is the second public notice being issued for this project due to project plan revisions in response to comments received regarding navigation and maneuverability within and adjacent to the Texas City Turning Basin. The project will now include the following components: LNG Bunker Vessel (LNGBV) Wharf and a Personal Transfer Dock (PTD).

The proposed LNGBV Wharf will include six breasting dolphins and four mooring dolphins, located behind the wharf bulkhead. The bulkhead will require discharge of 135 cubic yards (CY) below the high tide line (HTL) of steel-combi-wall bulkhead, backfilled with clean earthen fill covering a footprint of approximately 0.7 acre.

The PTD will be located along the northern edge of the LNGBV Wharf and will consist of a gangway and floating dock, with the gangway connecting the floating dock to the wharf bulkhead, supported by approximately seven steel driven pilings.

The applicant proposes to hydraulically and/or mechanically dredge approximately 75,058 total cubic yards (CY) to approximately -25 ft mean lower low water (MLLW) with a 2-foot over dredge from approximately 2.2 acres below mean high water (MHW). The shoreline bank will be dredged to a 3 to 1 slope to facilitate a proposed shoreline bulkhead wall.

The applicant also proposes to discharge approximately 5,357 CY of rip rap below the HTL (consisting of two different sizes) for scour protection with a geotextile underlay.

The remaining land-based facilities, including the heavy haul road will be constructed in uplands and within the active Snake Island Cell C dredge material placement area (DMPA) on Shoal Point and are not proposed to impact waters of the US, wetlands, nor any special aquatic sites.

The applicant proposes to dispose of the dredge material into Shoal Point DMPA Cell C and/or Cell A.

The applicant is not proposing mitigation as the project scope avoids impacts to wetlands and special aquatic sites by design.

Correction of Error

The Department of State Health Services published an Order Placing 2-Methyl AP-237, Etodesnitazene, NPyrrolidino Etonitazene, and Protonitazene into Schedule I and Extending the Temporary Placement of Butonitazene, Flunitazene, and Metodesnitazene in Schedule I in the October 4, 2024, issue of the *Texas Register* (49 TexReg 8234). Due to an error by the Texas Register, the text of the order contained incorrect text. The corrected order follows.

The U.S. Drug Enforcement Administration issued a final order placing 2-methyl AP-237 (1-(2-methyl-4-(3-phenylprop-2-en-1-yl)piperazin-1-yl)butan-1-one), including its optical and geometric isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of such isomers, esters, ethers, and salts is possible within the specific chemical designation, in schedule I of the Controlled Substances Act effective April 15, 2024. This final rule was published in the *Federal Register*, Volume 89, Number 52, pages 18793-18796.

This scheduling action was taken pursuant to the following:

1. 2-Methyl AP-237 has a pharmacological profile and potential for abuse similar to other classical opioids such as fentanyl (schedule II), morphine (schedule II), and heroin (schedule I);
2. 2-Methyl AP-237 has no currently accepted medical use in treatment in the United States; and,
3. Control of 2-methyl AP-237 is required to meet the United States' obligation under the 1961 United Nations Single Convention on Narcotic Drugs.

The U.S. Drug Enforcement Administration issued a final order permanently placing 2-(2-(4-ethoxybenzyl)-1*H*-benzimidazol-1-yl)-*N,N*-diethylethan-1-amine (other names: etodesnitazene; etazene), 2-(4-ethoxybenzyl)-5-nitro-1-(2-(pyrrolidin-1-yl)ethyl)-1*H*-benzimidazole (other names: *N*-pyrrolidino etonitazene; etonitazepyne), and *N,N*-diethyl-2-(5-nitro-2-(4-propoxybenzyl)-1*H*-benzimidazol-1-yl)ethan-1-amine (other name: protonitazene), including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of such isomers, esters, ethers, and salts are possible within the specific chemical designation, in schedule I of the Controlled Substances Act effective April 11, 2024. This final rule was published in the *Federal Register*, Volume 89, Number 71, pages 25514-25517.

This scheduling action was taken pursuant to the following:

1. Etodesnitazene, *N*-pyrrolidino etonitazene, and protonitazene share a pharmacological profile with etonitazene (schedule I), isotonitazene (schedule I), and other schedule I and II synthetic opioids;

2. The use of etodesnitazene, *N*-pyrrolidino etonitazene, and protonitazene presents a high risk of abuse and have negatively affected users and communities; and,

3. Etodesnitazene, *N*-pyrrolidino etonitazene, and protonitazene have no currently accepted medical use in treatment in the United States.

The U.S. Drug Enforcement Administration issued temporary order extending the placement of 2-(2-(4-Butoxybenzyl)-5-nitro-1*H*-benzimidazol-1-yl)-*N,N*-diethylethan-1-amine (other name: butonitazene), *N,N*-Diethyl-2-(2-(4-fluorobenzyl)-5-nitro-1*H*-benzimidazol-1-yl)ethan-1-amine (other name: flunitazene), and *N,N*-Diethyl-2-(2-(4-methoxybenzyl)-1*H*-benzimidazol-1-yl)ethan-1-amine (other name: metodesnitazene) including their isomers, esters, ethers, salts, and salts of isomers, esters, and ethers whenever the existence of such isomers, esters, ethers, and salts are possible within the specific chemical designation, in schedule I of the Controlled Substance Act effective April 12, 2024. This temporary order was published in the *Federal Register*, Volume 89, Number 71, pages 25517-25519. This scheduling action was taken based on a finding that these substances pose an imminent hazard to the public safety.

Pursuant to the Texas Controlled Substances Act, Health and Safety Code Section 481.034(g), at least thirty-one days have expired since notice of the above referenced actions were published in the Federal Register. In the capacity as Commissioner of the Texas Department of State Health Services, Jennifer Shuford, M.D., does hereby order that the substance 2-Methyl AP-237, etodesnitazene, *N*-pyrrolidino etonitazene, and protonitazene be placed into schedule I, and butonitazene, flunitazene, and metodesnitazene remain temporarily placed in schedule I.

In Addition - miscellaneous information required to be published by statute or provided as a public service.

Specific explanation on the contents of each section can be found on the beginning page of the section. The division also publishes cumulative quarterly and annual indexes to aid in researching material published.

How to Cite: Material published in the *Texas Register* is referenced by citing the volume in which the document appears, the words “TexReg” and the beginning page number on which that document was published. For example, a document published on page 24 of Volume 49 (2024) is cited as follows: 49 TexReg 24.

In order that readers may cite material more easily, page numbers are now written as citations. Example: on page 2 in the lower-left hand corner of the page, would be written “49 TexReg 2 issue date,” while on the opposite page, page 3, in the lower right-hand corner, would be written “issue date 49 TexReg 3.”

How to Research: The public is invited to research rules and information of interest between 8 a.m. and 5 p.m. weekdays at the *Texas Register* office, James Earl Rudder Building, 1019 Brazos, Austin. Material can be found using *Texas Register* indexes, the *Texas Administrative Code* section numbers, or TRD number.

Both the *Texas Register* and the *Texas Administrative Code* are available online at: <http://www.sos.state.tx.us>. The *Texas Register* is available in an .html version as well as a .pdf version through the internet. For website information, call the Texas Register at (512) 463-5561.

Texas Administrative Code

The *Texas Administrative Code (TAC)* is the compilation of all final state agency rules published in the *Texas Register*. Following its effective date, a rule is entered into the *Texas Administrative Code*. Emergency rules, which may be adopted by an agency on an interim basis, are not codified within the *TAC*.

The *TAC* volumes are arranged into Titles and Parts (using Arabic numerals). The Titles are broad subject categories into which the agencies are grouped as a matter of convenience. Each Part represents an individual state agency.

The complete *TAC* is available through the Secretary of State’s website at <http://www.sos.state.tx.us/tac>.

The Titles of the *TAC*, and their respective Title numbers are:

1. Administration
4. Agriculture
7. Banking and Securities
10. Community Development
13. Cultural Resources
16. Economic Regulation
19. Education
22. Examining Boards
25. Health Services
26. Health and Human Services
28. Insurance
30. Environmental Quality
31. Natural Resources and Conservation
34. Public Finance
37. Public Safety and Corrections
40. Social Services and Assistance
43. Transportation

How to Cite: Under the *TAC* scheme, each section is designated by a *TAC* number. For example in the citation 1 TAC §27.15: 1 indicates the title under which the agency appears in the *Texas Administrative Code*; *TAC* stands for the *Texas Administrative Code*; §27.15 is the section number of the rule (27 indicates that the section is under Chapter 27 of Title 1; 15 represents the individual section within the chapter).

How to Update: To find out if a rule has changed since the publication of the current supplement to the *Texas Administrative Code*, please look at the *Index of Rules*.

The *Index of Rules* is published cumulatively in the blue-cover quarterly indexes to the *Texas Register*.

If a rule has changed during the time period covered by the table, the rule’s *TAC* number will be printed with the *Texas Register* page number and a notation indicating the type of filing (emergency, proposed, withdrawn, or adopted) as shown in the following example.
